A Note from the Director

It has been just over two weeks since we reopened. The teachers are working hard to keep the center clean so we all stay healthy. The children are enjoying all the fun activities. Drop-offs and pick-ups are working well. You have been doing a great job using Tadpoles to let us know what time you will be picking up your child, thank you. This works the best as the message goes directly to the classroom. Please let us know if you are having trouble using the instant message feature on Tadpoles. We are not always in the office to answer the phone and are worried we will miss someone. On July 17th we will be celebrating our NFC Graduates. It has been such a pleasure having your children here. They bring us so much joy. It is always sad saying good-bye to these children and their families. We are so grateful that you shared your children with us.

Thank you for all your support. It is really nice to have your children back at the center.

Have a wonderful 4th of July!
Julie

July Birthdays

Cecilia C. 7/4

Maggie M. 7/22

Dates to Remember

Friday, July 3rd:
Center closed in observance
of Independence Day

Friday, July 17th:
Graduation Celebration

What's happening at NFC?

Please continue to let us know of your summer vacation plans - thank you!

Water Play Days at NFC are Wednesdays and any day where the morning temperature is over 80° so please remember to send in your labeled water gear!

Remember: our playground has hills, steps and uneven ground and young children can be lacking in coordination. Closed-toe shoes with backs are the best, safest choice for play!

A Fond Farewell

When a global pandemic happens, a few announcements are sure to slip through the cracks. We've had a few staff members leave us and though it may be a bit late in some cases, everyone deserves to be recognized. Ms. Eun hi, who previously worked in the Infant, Young Toddler and Toddler classrooms, retired from the center this past February to take an office position at her church. We've been in contact with her since quarantine and she is doing well, but misses the children. Ms. Mary, who cared for our Toddlers for many years, also retired this past February. She had plans to travel more and see family. The travel may have been put on hold for a bit now but she's enjoying being around her family that is local. And lastly Ms. Taira, former Infant, Young Toddler and Toddler teacher, has left the center to care for her nephew and his twin baby sisters that were born during quarantine. She's going to have a wonderful time and she'll have her hands full as well! Hopefully someday Ms. Eun hi, Ms. Mary and Ms. Taira can return so we can say a proper good-bye but we wish them the best of luck and we thank them for the years they loved and cared for our NFC children.
